The Eustis Art League was chartered in 1956. It is one of the oldest art leagues, and is considered to be one of the friendliest in Lake County. Our purpose and objective is to promote and encourage all forms of fine arts and the appreciation of the arts throughout the community.

In keeping with times, the League has joined the electronic community with our website, **www.eustisartleague.com**. There you can find detailed information about the League events, view members artwork, post your own work, and stay connected with other members

Join our League and enjoy the camaraderie of fellow artists and art enthusiasts!
